

MISHAP REPORT

180th AVIATION CO.
CH47C 66-15993
25 FEBRUARY 1980
1456 HRS. LOCAL TIME
WEST GERMANY

CLASS "A" AIRCRAFT MISHAP

Aircraft was on maintenance test flight to perform engine topping check. Aircraft reportedly broke up in flight and impacted about 4½ miles northeast of the base at Schwabisch Hall.

All five (5) crewmen on board sustained fatal injuries.

A USA Safety Center team are preparing to go to West Germany and a request for Boeing participation is pending at the Safety Center.
